

**BEFORE THE
FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, DC 20554**

RECEIVED

In the Matter of

JAN 27 1999

Amendment of Section 73.202(b)
Table of Allotments
FM Broadcast Stations
(Cross Plains, Texas et al.)

)
)
)
)

MM Docket No. 98-198
RM - 9304

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

To: Chief, Allocations Branch
Policy and Rules Division
Mass Media Bureau

SECOND SUPPLEMENT TO COUNTERPROPOSAL

1. First Broadcasting Management, LLC, Gain-Air, Inc. and KCYT-FM License Corp. ("FBM"), by their respective counsel, hereby submit a second supplement to their Counterproposal filed on November 25, 1998 in the above-captioned proceeding.¹ The purpose of this second supplement is to remove the conflict between FBM's Counterproposal and a subsequently filed counterproposal in the same proceeding, thus facilitating resolution of the proceeding.

2. In its Counterproposal, FBM proposed various changes to the FM Table of Allotments including the substitution of Channel 272C3 for Channel 296C3 at Coleman, Texas for Station KSTA(FM). Subsequently, Gulfwest Broadcasting Company and Sonoma Media Corporation ("Gulfwest") jointly filed a counterproposal in the same proceeding proposing to substitute Channel 272C1 for 245C3 at Cross Plains, Texas. Since allotting both Channel 272C1

1. FBM previously filed a supplement to its Counterproposal, on December 21, 1998.

at Cross Plains and Channel 272C3 at Coleman would violate the Commission's spacing rules,² Gulfwest's and FBM's counterproposals are in conflict and cannot both be granted.

3. With this supplement, FBM proposes a simple change to its Counterproposal to remove the conflict with Gulfwest. As the attached engineering statement demonstrates, Channel 250C3 can be substituted for Channel 296C3 with a site change at Coleman. See Figures 21A and 21B. The licensee of Station KSTA, Watts Communications, Inc. ("Watts"), has provided its consent to the substitution of Channel 250C3 and the relocation of its transmitter site. See attached statement. FBM has entered into a reimbursement agreement with Watts for the new channel and site change and hereby states that it will reimburse Watts for its expenses in making the requested changes to Station KSTA.

4. The change proposed herein will result in a net gain in population served by Station KSTA of 25,368. See Figure 21C. Factoring in this net gain, the Counterproposal will result in an overall net gain of a minimum of 3,506,451 persons able to receive 60 dBu service.

5. With this supplement, the FCC may process the FBM Counterproposal separately from Gulfwest's counterproposal. For the Commission's convenience, a complete list of communities, channels and modifications affected by the Counterproposal, as amended, is attached hereto. See Table 1A.

2. See 47 C.F.R. § 73.207(b)(1), Table A (co-channel C3 to C1 minimum distance is 211 km). The reference coordinates for the proposed Cross Plains and Coleman allotments are 38 km apart.

Respectfully submitted,

Clinton, OK	238C2, 295C1	238C2, 294C1	Channel and site change.

TABLE 1A

**Station KSTA
Coleman, Texas**

Watts Communications, Inc. ("Watts"), licensee of Station KSTA, Coleman, Texas, hereby agrees to have Station KSTA's license modified to change channel from Channel 296C3 to 250C3 and to relocate its transmitter to a new site. Watts understands that this statement may be used in a filing with the Federal Communications Commission and hereby authorizes its use for that purpose.

I verify that this statement is true and accurate to the best of my knowledge, information and belief and is made in good faith.

WATTS COMMUNICATIONS, INC.
